### Fun and never gets boring!

I like this game a lot. It was cheap and is fun for a long time. The graphics are ok. This is a great game for the money especially if you like games and you don't have a ps2 or xbox or you just want something cheaper.

### v rally edition 99

this racing sim is simply not up to par with rally challenge 2000. its got accurate models and decent environments but the racing doesn't feel the controls are horrid.
